**Fundraising Pages**

# Fundraising Pages

Today's non-profit organizations are faced with a complex and ever-changing environment, requiring groups to evolve just as rapidly in order to adequately serve and communicate with members and supporters.

The utility of the internet has allowed organizations to distinguish themselves in this competitive industry, keeping them in the forefront of donor's hearts and minds while expanding membership, increasing fundraising and creating more efficient operating systems.

Extended Hearts lets you do just that, by creating your very own Fundraising Page, making it easier for donors to contribute by offering them the flexibility to donate what they want, when they want, how they want, and with as little effort as possible.

In just a few short minutes, have your unique page up and running, allowing you to enjoy expanded fundraising and marketing functions while raising both awareness and money for your group or event.

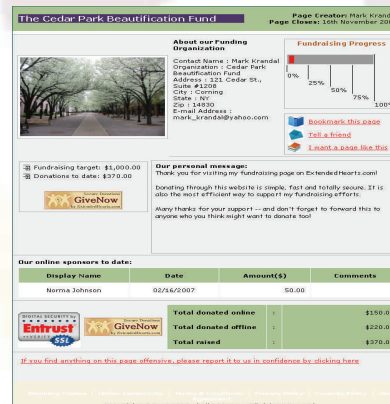

Let members create their own Fundraising Pages to aid in your organization's efforts.

It's as Easy as **1, 2, 3!**

**1. Select your cause and/or event from our menu.**

**2. Set up your page with your own photo and message.**

**3. Email the link to your page to family and friends and start collecting donations!**

Extended Hearts only charges a transaction fee on donations, so you pay nothing to start!
